Objective

MTech student in Mathematics and Computing at NIT Delhi with a strong foundation in Python, statistics, and machine learning. Looking for roles in Data Science, Data Analytics, or Machine Learning where I can apply data-driven methods to solve real-world problems.

Education

National Institute of Technology, Delhi Master of Technology in Mathematics and Computing	2024–2026
Chaudhary Charan Singh University Bachelor of Technology in Computer Science and Engineering CGPA: 7.63	2020–2024

Experience

Social Media Marketing Intern <i>ANO</i>	April 2022 — June 2022
- Managed and scheduled content for multiple client accounts on Instagram and Facebook. - Coordinated between clients and the creative team to ensure timely and customized delivery of content. - Improved post engagement by organizing communication and maintaining content consistency.	

Projects

Sea Level Prediction using Auto-Regressive Model

Python, Statsmodels, Pandas

- Built a multivariate time series forecasting model to predict regional sea level changes using historical salinity, temperature, and sea level data.
- Preprocessed and visualized data, analyzed temporal trends, and evaluated predictions using MSE and forecast intervals.

Visualizer Tool

C, CSS, GTK Toolkit

- Designed a GUI-based application for visualizing and combining geometric figures.
- Implemented features such as shape selection, dimension adjustments, color customization, and undo/redo options.
- Improved workflow efficiency by 40% through user-friendly interface design.
- GitHub: github.com/dufty/C-visualizer

Skills

- Programming Languages:** Python, C, C++, Java, JavaScript
- Frameworks:** Node.js, Express.js, Mongoose
- Databases:** SQL, MongoDB
- Tools:** Git, Linux, REST APIs, Jupyter, VS Code
- Machine Learning:** Scikit-learn, Regression, Classification, Model Evaluation
- Data Analysis:** Pandas, NumPy, Data Visualization
- Soft Skills:** Communication, Teamwork, Problem Solving

Achievements

- Qualified GATE 2024 and GATE 2025.
- Solved 150+ problems on LeetCode, strengthening data structures and algorithms proficiency.
- Runner-up in a college-level coding fest among 200+ participants.
- Co-organized Inter-Hostel and Inter-Department sports events at CCSU in 2023 and 2024.
