PROFESSIONAL SUMMARY

I am an early-stage researcher pursuing a PhD in statistical analysis of climate and economic data. I have strong academic foundation in mathematics, statistics, and data analytics. I am interested in applying quantitative models and machine learning approaches to study climate–economy interactions. I am committed to contributing to evidence-based research on climate impacts and economic sustainability.

EDUCATIONAL QUALIFICATIONS

Course/Examination	Discipline/ Specialization	Institution / University	Year of Passing	Percent
Doctor of Philosophy	Mathematics	National Institute of Technology Delhi	Ongoing	--
Master of Science	Mathematics	Ch. Charan Singh University, Meerut, U.P.	2023	86.3%
Bachelor of Science	Non-Medical	Ch. Charan Singh University, Meerut, U.P.	2021	72.1%
Intermediate	Non-Medical	HBSE Board	2018	82.8%
High School	--	CBSE Board	2016	10 CGPA

ACHIEVEMENTS & AWARDS

Awarded **Junior Research Fellowship (JRF)**, from **CSIR (30-04-2025)**

DETAILS OF Ph.D. WORK

Thesis Title:	Statistical Analysis of Climate and Economic Data
Supervisor Name and Affiliation:	Dr. Prashant Kumar, Associate Professor, NIT Delhi, India

Brief Description of Ph.D. Work:	My Ph.D. research, titled " Statistical Analysis of Climate and Economic Data ", conducts advanced statistical and econometric analyses to examine relationships between climate variability and economic performance. Utilized large datasets, time series methods, and regression modeling to assess climate impacts and support data-driven policy and sustainability decisions.

EMPLOYMENT HISTORY

S. No.	Name of the Post	Institution/University	Period (Year)	Brief description of work
1.	Junior Research Fellow	NIT Delhi	(01-08-2025 to ongoing)	Statistical Analysis of Climate and Economic Data

TECHNICAL SKILLS

- **Software's** - MATLAB, Origin, Latex, MS Word, PowerPoint, Excel, Grads, CDO, ArcGIS.
- **Languages** - MATLAB, Python, C/C++, Fortran, Python.
- **Soft Skills** - Teamwork, Leadership, Event Management, Written & Oral Communication.
