

Shikha Maurya

+91-9044621197

✉ shikhamauryaabc@gmail.com

An aspiring Environmental Science researcher with a passion for sustainability, climate policy, and geospatial analysis. Adept in scientific communication, data-driven approaches, and environmental monitoring. Seeking opportunities to contribute to impactful research through interdisciplinary and community-engaged projects.

EDUCATION

- **National Institute of Technology (PhD. Environmental Science)** *Aug 2025 - Present*
Coursework: Python, Probability & Statistics, Independent Study, Research Methodology
- **Banaras Hindu University (M.Sc. Environmental Science)** *Aug 2023- May 2025*
Coursework: Environmental Monitoring, Climate Change, Remote Sensing & GIS, Environmental Policy
CGPA/Percentage: 8.8
- **Banaras Hindu University (B.Sc. in Botany, Zoology (Hons.), Chemistry)** *July 2020- June 2023*
Coursework: DNA Extraction, PCR, Electrophoresis, Spectrophotometry, Chromatography, Cell Culture, Dissection, Surgical Animal Handling
CGPA/Percentage: 8.07
- **Intermediate (12th)** *July 2017- May 2019*
Coursework: Physics, Chemistry, Biology
CGPA/Percentage: 86.4%
- **High school (10th)** *July 2016- May 2017*
Coursework: Science and Mathematics
CGPA/Percentage: 10

SKILLS

- **Research & Technical Skills:**
 - Remote Sensing & GIS (QGIS, Google Earth Engine, MODIS, Sentinel-5P TROPOMI)
 - Primary & Secondary Data Collection, Statistical and Qualitative Analysis
 - Environmental Data Visualization & Interpretation
 - Scientific Writing & Communication
 - Experimental Biology, Lab Research Techniques
- **Laboratory Proficiency:**
 - DNA Extraction, PCR, Electrophoresis
 - Spectrophotometry, Chromatography
 - Cell Culture, Immunology, Toxicology
 - Dissection, Surgical Animal Handling
- **Computer Proficiency:**
 - Operating System: Windows
 - Software: MS Office Suite, QGIS, Python
- **Soft Skills:**
 - Detail-oriented, Analytical thinking, Communication, Team collaboration

PROJECTS

- **Aerosol-Induced Modulation of Monsoon Dynamics over Western Uttar Pradesh:**
 - Used Sentinel-5P satellite data to study interactions among CO, O₃, and UV-aerosols.
 - Applied geospatial mapping, statistical tools, and visualization to interpret atmospheric and monsoon variability.

ACHIEVEMENTS

- **Qualified Graduate Aptitude Test in Engineering (GATE) 2025 – Life Sciences**, secured **AIR 4608**.
